THE MEMBER-LED ISSUE

MEMBER-LED. MEMBER-DRIVEN.

A UNION LED BY YOU.

Members set direction. Officers serve.

An unenforced contract is NOT a contract.

01 Your priorities. Your union.

Members set direction. Officers carry out valid decisions within the Constitution, bylaws, contract and their powers - and answer for results.

02 A Board connected to the line.

Keep Board members flying. Focus them on oversight. Use stable salaried staff for daily work and pilots where their expertise is needed.

03 Lower costs. A vote on dues.

Propose $1.2M less in officer pay through the bylaw process; the slate estimates nearly $2M in overall savings. Keep 1.56%. After spending falls, members vote by secret-ballot mail on a minimum-guarantee dues base.

04 Bargaining with a mandate.

An ordered, member-authorized list of demands. Explain changes and seek authorization. Negotiating tactics can stay confidential.

05 Grievances handled on merit.

A named contact, clear answers and a way to challenge poor handling. Pilot specialists support staff when needed. No promise that every case will be filed, arbitrated or won.
